Making a million is more attainable today than ever before especially for nurses. Are you a nurse? Do you know a nurse who wants to own a successful health care business? You will be inspired by the story of nurse entrepreneur Stella Nsong who made her first million in 36 months starting with only \$1,263.00. Yes, she is an everyday nurse who grew her elder care business over the million dollar mark in 36 months without loans, lines of credit, working capital nor business partners. She has started, owned and operated three home health agencies, an adult day center, an assisted living, a care management service and even a medical day spa.

During the annual convention of the National Nurses in Business Association October 14th-October 16th, 2016, she will offer advice that you and fellow nurses can use along with a 10 point plan for launching you on your way to your first million.....and the rest will be up to you.

CALLING ALL NURSES WHO WANT TO BUILD A SUCCESSFUL & GRATIFYING ELDER CARE BUSINESS.

Dreams don't come true, they already are. You just have to be true to your dreams. If you have the dream of becoming a successful nurse entrepreneur, Stella Nsong invites you to the 100 NURSE MILLIONAIRE PROGRAM.

WHAT Is The 100 Nurse Millionaire Program? It is a self-paced entrepreneurship program coupled with monthly business coaching that shows nurses how to start and grow a NON SKILLED CARE home health care agency with a startup capital as low as a thousand dollars.

WHY: Because there is hidden fortune in elder care and success is more attainable that ever before plus, nurses have what it takes and deserve to be paid what they are worth.

WHEN & HOW: The 100 Nurse Millionaire Program opens in 2017 but pre-registration opens right after the NNBA 2016 convention. It begins with virtual seminars and tele courses (in November & December 2016) to launch the participants on their way to entrepreneurship so they are ready mentally, socially and professionally. In January of 2017 is when the businesses actually launch and start making money. Every month thereafter, participants will receive monthly business coaching to ensure support and success toward their million dollar revenue.

Stella Nsong is the president of the Six Figure Nurse Academy and facilitator of the 100 Nurse Millionaire Program. She is a writer, speaker, trainer and elder care business consultant.
